

Livermore Site Solar Electrical Generation Project

Attachment I: Scoring Criteria

Criteria			
1) Technical Approach Total			
	System Design		
	Use of Innovative Technology ¹		
	Minimum Technical Requirements		
	Maintenance Response		
2) Capabilities and Record Total			
	Key Personnel		
	Relevant Experience		
	Meeting of Basic Standards		
	Track Record		
	References		
	Financing Ability		
3) Pricing Total			
Total Points Available			

¹ Innovative technology includes the use of Trackers or Ultra High Efficiency Panels
